1. [ ] - JGO) Talked to Mr. John Clarke, OPPB, who told me that Ralph Preston, House Appropriations Committee staff, had called and requested the budget figures for the Radios (RFE/RL) for each of the last five years. The figures are being supplied for the Chairman's information.

25X1

2. [ ] - JGO) Received a call from Mr. George Lowrance, Special Assistant to Senator Lloyd Bentsen (D., Texas), inquiring as to the status of Senator Bentsen's request to review the Agency rules implementing Executive Order 10501, relating to the safeguarding of official information in the interest of the defense of the United States. I told Mr. Lowrance that request had been made for authority to show a copy of the pertinent Agency regulations to him or whoever the Senator designates on the staff for review and immediate return to the Agency. I also told him there was hope that authority would be granted late in the day or tomorrow.

4. [ ] JMM) In the absence of Ed Braswell, Chief Counsel and Staff Director, Senate Armed Services Committee, I provided Jack Ticer, of the Committee staff, with the figures Braswell had requested regarding costs of FY 72 Agency and associated DOD programs in Laos. I also briefed Ticer on two major Soviet space failures.

25X1 5. [ ] JMM) Briefed Bill Woodruff, Counsel, Senate Appropriations Committee, on two major failures in the Soviet space program and the promising initial performance of a sensitive Agency project.

I provided Woodruff with a breakdown of the figures for operations involving the Agency in Laos for FY 72 - both our own operations and those financed by DOD.

25X1A In discussing Chairman Ellender's plans for the community Defense budget, Woodruff commented that the testimony of Admiral Gayler in defense of NSA has not gone over at all well. He said Chairman Ellender remained determined to make substantial cuts in the budgets of NSA and DIA and estimated that these cuts might approximate [ ]

Woodruff feels there is an even or better chance that some form of the Symington amendment limiting U.S. expenditures in Laos to \$200 million for FY 72 would pass the Senate.

25X1 6. [ ] JMM) Briefed Ralph Preston, of the House Appropriations Committee staff, on two recent Soviet space failures and promising initial performance of a sensitive Agency project.

In response to my question, Preston said he thought the House would welcome, and follow along with, major cuts in the community Defense budget advocated by Senator Ellender.

25X1 7. [ ] - JMM) Met with Senator Peter Dominick (R., Colo.) of the Agency's Armed Services Subcommittee, and briefed him on two recent Soviet space failures and status of Soviet ICBM silos.

25X1 8. [ ] JMM) Briefed Russ Blandford, Chief Counsel, House Armed Services Committee, on two recent Soviet space failures and promising initial performance of a sensitive Agency project.

After checking with [ ] OPPB, the figures were given to Mr. Preston. Mr. Preston told me that it is the Chairman's present plan, if possible, since it appears fairly certain the Senate would pass the continuing resolution including the funding item for RFE/RL, that he will move the House to accept the Senate amendments without appointment of conferees and necessary conference with the Senate. The Chairman does not anticipate any real problem of the Radios in passage of the continuing resolution by the House.

1. [ ] - JMM) Talked to Ralph Preston, House Appropriations Committee staff, regarding legislation for the future of our Radios -- he sees no problem in getting House approval of the Senate bill for handling them under a continuing resolution until 6 August.

25X1

2. [ ] - JMM) Discussed the Radios problem with Bill Woodruff, Counsel, Senate Appropriations Committee, who says he thinks the bill for taking care of the Radios under a continuing resolution will survive in the Senate, but he is not at all sure of the long-term future of the Radios. He feels they cannot survive indefinitely in an "open environment" in the face of present congressional economy drives.

25X1

3. [ ] - JMM) Discussed with Ed Braswell, Chief Counsel, Senate Armed Services Committee, problems created by the Symington amendment and pointed out that programs in which the Agency is involved, both in its own behalf and in behalf of DOD, come close to amounting to the [ ] limit which the Symington amendment would impose on U.S. operations in Laos. 25X1 10. [ ] - JGO) Met with Mr. Al Westphal, House Foreign Affairs Committee staff, who told me that the RFE/RL bill pending before the House District Committee has not been transferred to Foreign Affairs. He does not know whether Chairman Morgan has talked to Chairman McMullen about the matter. In any event, the Committee will be engaged through the 4th of July recess on considerations and markup of the AID bill. All other things being equal, it would appear that consideration of the Radios bill could not be undertaken by the Committee until after the 4th of July recess. I thanked Mr. Westphal for the information.

25X1 11. [ ] JGO) Met with Mr. Ralph Preston, House Appropriation Committee staff, who told me that the Rooney Subcommittee has again disallowed funds for fiscal year 1972 for [ ] [ ] Europe Division, has been advised. 25X1A

I briefed Mr. Preston on the completion of the Soviet military exercise "Yug. "

25X1 12. [ ] - JGO) Met with Mr. John R. Blandford, Chief Counsel, House Armed Services Committee, who told me that H. R. 6483, relating to promotion of Marine Corps officers to the grade of general, probably will not come up before the floor of the House for 10 days to two weeks due to failure of the Committee to take the bill to the floor last Friday.

I briefed Mr. Blandford on the completion of the Soviet military exercise "Yug. "

25X1 13. [ ] - JGO) Met with Mr. Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, and reviewed briefly with him the status of the Hanley Subcommittee review of legislation concerning protection of privacy of Federal employees. Mr. Slatinshek told me he will be pretty much tied up in the next week or so on matters relating to the draft bill and since there is no particular rush at the moment, he will put over discussion of the proposed letter from Chairman Hebert to Chairman Dulski until the draft bill is completed.

I briefed Mr. Slatinshek on Soviet use of airborne strategic command post; Soyuz-11 Salyut and the completion of the Soviet military exercise "Yug. "

25X1 1. [ ] - JMM) On the Director's instructions, I met with Representative Charles Gubser (R., Calif.) and provided him with some information prepared by SAVA. In order to clear up some points of interest to Mr. Gubser, I put him on the phone with [ ] of SAVA, who answered some of his questions. 25X1A

I briefed Mr. Gubser on the status of Soviet ICBM deployment, Soviet naval activities in the Caribbean, and a recent Soviet strategic military exercise.

25X1 2. [ ] - JMD) In response to her request, Agency application forms and brochures were delivered to Elma Henderson, in the office of Representative Spark Matsunaga (D., Hawaii). 25X1A

[ ]  
Mr. Preston noted, in passing, that the Chairman is following with great interest debates on the floor of the House concerning the availability of information relating to the Central Intelligence Agency.

25X1 4. [ ] - JGO) Delivered to Miss Jean Gordon, Administrative Assistant to Representative Charles Gubser (R., Calif.), press clippings from the St. Louis Post Dispatch and the New York Times relating to bombing in Laos. This was a followup to Mr. Maury's earlier visit in the day to Representative Gubser.

25X1 5. [ ] - JGO) Met with Mr. Jack Davis, Assistant to Representative William Scott (R., Va.), concerning Representative Scott's letter of 16 June requesting the Director's comments concerning CIA activities in Laos. In a word, Mr. Davis agreed that although events had overtaken the letter and the Badillo amendment that was referenced in the 16 June letter was defeated on the floor of the House yesterday, Mr. Scott is still very interested in the allegations made by Representative Badillo (D., N.Y.) concerning CIA activities in Laos and would desire a response in writing on this subject. After discussion, he agreed that he would discuss the matter with Representative Scott advising him that Agency operations are classified but that we would be pleased to talk to the Congressman if we could be of assistance to him. Mr. Davis will call me after talking to Representative Scott.

25X1 1. [ ] JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, who told me that in a meeting yesterday with representatives of OMB and Senate Appropriations Committee staff, the technical language was worked out for insertion in the continuing resolution for specific coverage of RFE and RL. However, the language was not inserted in the draft resolution since the OMB representatives indicated that final determination had not been made as to the method of funding desired by the Executive Branch. Mr. Preston noted that the technical problem of language for inclusion in the resolution is relatively simple. The problem lies in the backup material for use in supporting the resolution. Mr. Warner, OGC, has been advised.

In response to his request of yesterday, I told Mr. Preston that we would supply the Director's outline notes on the budget presentation. Mr. Preston again noted that he had not requested our prepared statement on prior briefings but that the pressures on the Chairman are such now that he needs to move over into the same format with us that has been used through the years with the Department of Defense and the military departments. He noted that if charts are to be used with the statement, a copy should be set forth opposite the appropriate page of the statement.

Mr. Preston told me he has not had time to review the draft letter to Mr. Dulski and the correspondence of last year with Chairman Henderson concerning the Ervin bill. I told him the pressure is off at the moment but would appreciate it if he could look at them in the next week or so.

I briefed Mr. Preston on the following items: Soviet airborne command post; military exercise "Yug;" and [ ]

25X1

25X1 2. [ ] - JMM) On the Director's instructions, I called the office of Senator William Proxmire who had been trying to get in touch with the Director. His secretary said he wanted to talk to the Director personally. I explained that the Director was not available and would be out of town until the 6th of July, but the Director had asked me to handle the matter in which the Senator was interested, and that I thought I knew what this matter was. After consulting the Senator, his secretary told me he would wait until the Director's return and talk personally with the Director.

25X1

13. [ ] JMM) Talked to Ralph Preston, Staff Assistant, House Appropriations Committee, and asked him to investigate some technical problems about handling the Radios under a continuing resolution--particularly whether they could be operated under a continuing resolution in FY 1972 by an agency other than the one which operated them in FY 1971 (i. e., whether, under a continuing resolution, they could be operated by USIA). He said he would look into it.

25X1

14. [ ] - JMM) Talked to Bill Woodruff, Counsel, Senate Appropriations Committee, about two sensitive collection projects which have been brought to the attention of Senator Ellender. Woodruff said Deputy Secretary of Defense Packard had discussed these projects with Ellender and Ellender had made clear he would support one or the other but not both, and Packard should meet with the Director and decide which of the two the Administration preferred to support. Woodruff had the impression that Packard generally favored the one supported by the Agency. Woodruff said that there was no urgency so far as the Committee was concerned and the matter could await resolution until the Director's return after 6 July.

13. [ ] JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, and left with him a copy of the portion of the Agency's briefing statement on Laos which was given to the Senate Appropriations Committee's Intelligence Operations Subcommittee at our budget hearing last Friday.

Mr. Preston told me the Committee will be meeting tomorrow and included in the agenda is discussion of continuing resolution and problems that have been encountered with the Department of Defense under the continuing resolution in prior years.

Mr. Preston also request that he be provided a copy of the Director's budget presentation or outline notes two to three days in advance of the meeting so that he may better prepare the Chairman before the next meeting. He told me that although he has not made a similar request in the past, this is the normal procedure and that with the many problems facing the Chairman that are related to our budget, he feels it will be necessary this time for more advance preparation of the Chairman. I thanked him for the advance notice and told him I would relay the request.

25X1 7. [ ] JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, and discussed with him the format of the continuing resolutions used to provide appropriation authority pending final passage of appropriation legislation. Preston noted that the normal continuing resolution is only for 30 days but that the minority members had been agreeable on occasion in the past for resolutions of longer periods of time. There is no way of knowing yet what the considerations may be later in the month.

I also discussed with Preston the possibility of straight open appropriation for the Radios to carry them in the interim pending passage of the Case bill. It is Preston's feeling that this would please everyone but it would be subject to point of order on the floor since there is no underlying authorization for such appropriation. Preston noted in passing that Committee scheduling difficulties have been such that it would not have been possible to meet with the Director during the week. He will try to hold the line during the next two weeks to allow scheduling of the Director after 6 July. I thanked Preston for his consideration.

I briefed Mr. Preston on the following items: Soviet "J" vehicle; the Salyut mission; a surface-to-surface missile support facility; North Vietnamese General Tuyen Huan; and Chinese Mao-class submarines.

25X1 8. [ ] JMM) Talked to General Fred Haynes and provided him with some suggested points to make in support of a proposed additional 4-star Marine Corps billet which would accommodate the DDCL.

25X1 9. [ ] - JMM) Phil Trimble, Consultant, Subcommittee on Arms Control, International Law and Organization of Senate Foreign Relations, called regarding a statement to be included in the record regarding the status of the Soviet ICBM program. I told him it was on the way and he gave no indication that, in view of this, a personal appearance by the Director would be necessary.

25X1 10. [ ] - JMM) Mr. Edwin Cohen, Assistant Secretary of the Treasury, called to say he was interested in the aluminum and bauxite situation in Jamaica in connection with some tax problems of concern to the Treasury Department, and wondered if we had someone who could give him some background on the subject. I said I would look into it and let him know.

Mr. Cook told me he does anticipate some problem when the bill reaches the floor. Representative Nedzi (D., Mich.) may request an amendment to reduce the number of generals from four to three. Representative Otis Pike (D., N.Y.) had indicated to Chairman Fisher that he intends to oppose the entire measure. I thanked Mr. Cook for the advice.

25X1 we had received a request for the transcript of the Director's appearance

full exemption of CIA from the Ervin bill and gave him a draft of a  
possible letter to Chairman Thaddeus Dulski (D., N. Y.), of the House  
PO&CS Committee, concerning similar legislation presently under  
consideration in the Committee. Mr. Preston will discuss the proposed  
letter with the Chairman and advise me.

25X1 7. [ ] - JGO) Met with Mr. Richard Barton, Employee  
Benefits Subcommittee, who told me that he feels that Chairman Hanley  
is convinced at present after this morning's meeting of the need for full  
exemption for the Agency from whatever measure is approved by the  
Committee relating to invasion of privacy of Federal employees. He was  
also impressed by the amount of time the Director gave to the Committee.  
Mr. Barton told me that Mrs. Myers, who handles the Committee records,  
is away for the next two days and that he will check the various application,  
psychological, and other forms in the possession of the Committee as soon  
as she returns on Monday. He believes each of the forms covered in this  
morning's meeting is already in Committee file. He noted, in passing, that  
there will be very little action on the bill pending the executive session of  
the Subcommittee on Wednesday, 23 June, which would be the first  
occasion the Committee will have to discuss the bill and to instruct the  
staff. There are other items of some importance on the agenda for that  
session that could limit the time available for Committee discussion and  
cause it to go over to the next executive session.

Should the bill be rereferred to Foreign Affairs Committee, he will advise me since he will have staff responsibility for the handling of the bill.

25X1 11. [ ] JGO) Met with Mr. John R. Blandford, Chief Counsel, House Armed Services Committee, who told me that the procurement bill will be scheduled for the floor of the House sometime between the 15th and 21st of June.

I briefed Mr. Blandford on the following items: Soviet military exercises; Soviet ABM testing; Tyuratam "J" vehicle; improved [ ] air defense; and North Vietnamese troop movements in southern Laos.

25X1 12. [ ] - JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, and told him the Director will be away from the city from about 16 June through 6 July. Mr. Preston told me the present schedule is such that it does not appear possible for the Chairman to call the Director for briefing on the Agency budget prior to the 16th. Mr. Preston believes we may go well beyond 6 July before he will call for the Agency budget briefing. However, the Committee may well hear DOD on the black budget in the interim.

25X1 13. I said the Director did not want to appear unresponsive, but had a particularly tight schedule because of an upcoming trip and had been alerted that he might be called to testify before Chairman Mahon's Appropriations Subcommittee on the 14th or 15th. I also said that he felt he could add nothing to his testimony on this subject before the Muskie Subcommittee on 29 March 1971. Trimble said he understood the new silos had changed the picture slightly. I said there had indeed been some new silos identified, but CIA and DIA agreed it was too soon to draw any conclusions as to their significance. I also said the Director would not want to appear in association with other witnesses. Trimble said he would pass these comments on to Senator Muskie and be back in touch with us.
